

Established 1865,

Leading for 1889.

SIDNEY STEVENS,

IMPORTER AND JOBBER,

OGDEN, UTAH,

Is Headquarters for the Leading

VEHICLES, IMPLEMENTS & MACHINERY

OF THE AGE.

And Located at the Terminus of Five of the Longest Railroads in the world.

Commanding the situation for Utah, Idaho, Nevada and Wyoming. Prepared to meet any kind of competition from any quarter, and will furnish the strongest and best line of goods for the price in America, admirably adapted to this climate.

CONSISTING IN PART OF:

The new Stevens Wagon, with Hardwood bottom, double bearings, more braces and otherwise improved than any other wagon in America. Result achieved from long experience, and sold in competition with the common shyster wagons of the day.

The new Stevens Buggies, Carriages and Road Carts are made to order from specifications personally given when at the Factories, and are a combination of Ease, Comfort and Durability. To be fully happy you must own one of these vehicles.

I have Eight other lines of Wagons and Buggies, and will compete with anything on the market.

The Stevens Bob Sleighs and Cutters must be seen to be appreciated. Have an Attachment to take up whiffletrees going into ditches or going down hill.

The Deering Harvesting Machinery is 100 years ahead of any other, is built upon honor of all Steel and Iron, no shrinking, Swelling or rotting. Completely leaves everything else in the shade.

The Gear, Scott Co. Threshers, Engines, Powers and Saw Mills; known from the Atlantic to the Pacific for strength, durability, ease of operation and good work.

The Rock Island Plow Co.'s Plows, the largest manufacturers of Plows in the world, are known the world over and their Buford Wheel Land-side Sulky Plow scoops them all at every trial, doing away with all friction, which is the bane of horses.

The California Steel-frame Steel-tooth Wilcox Harrows.

The Hooster Drill Co. Press Drills and Seeders.

The Eagle Steel-Wheel Hay Rakes.

The Janesville Hay Tool Co. Carriers and Loaders.

The Victor and other Hay Presses.

The Hero, American, and Wilson Grinding Mills and Powers.

The Ross Ensilage and Feed Cutters.

The National Tube Works Pipe and Fittings. Northwestern Barb Wire.

These Improved, Progressive, Strong Goods are manufactured by the above largest and most reliable firms in the world, and represented by the largest agency, covering more territory than any other agency west of the Missouri River. Send for Price List and Terms to Agents.
